A couple months ago, I reported on the very strong home sale market in Palomar East. That article prompted this note from Kasey: "This is the busiest month I've had for home sales. I'm working on 10 applications, and it appears they will all close escrow."

Given such sales activity and knowing how busy Kasey is, you'll want to do everything you can to ensure a smooth closing. With that in mind...

If You're Thinking of Selling Your Home

There's an oddity in the Mobilehome Residency Law. You have the right to sell your home to anyone you want. However, your Buyer doesn't have the right to actually live in Palomar East unless he or she is approved for residency. That sounds like a technicality, but it isn't really.

Of course, most Buyers do end up qualifying for residency. The two main questions: (1) Do they satisfy the 55-and-older age restriction, and (2) Can they actually afford to live here, i.e. do they meet the income/credit standards.

The approval process isn't complicated, but just to be safe, have your Buyer apply early on, so your closing isn't delayed because of paperwork. Kasey—and your Buyer—will thank you.

In Other News...

- ◆ This month's **Staff Kudo** goes to **Patty Mackey**, who covered the Office for a week while Kasey was out sick—and kudos to you, for going easy on her. Folks were nice to you, weren't they, Patty?
- ◆ As Spring approaches, it's time for your **PEERA Board** to work on its **Wish List** for the new Fiscal Year, which starts July 1. We've spent about \$500K on streets in the past couple years, but there's still some money available for new projects. If you have any great ideas, I'm sure PEERA wants to hear from you.
- ◆ Kasey wants me to remind you to fill out a **Space Improvement Form** before starting your exciting new project, but you don't need to hear that again do you?

I'll spare the long harangue if you promise to **talk to Kasey** about your landscaping upgrade, home addition, new fence, tree, porch, decking, or other exterior project before getting underway. Is that a deal?

Regarding that last item...while I was at Home Depot recently, I overheard a customer trying to buy some 2 x 4s.

The salesperson asked: "How long do you need them?"

The customer replied: "It's for my house, so probably about 30 or 40 years."

Talk to Kasey about your project...and have a great Spring!

MAINTENANCE UPDATE

The maintenance team finished building the lattice fencing along Rancho Santa Fe Rd. The lights on the walkway to the clubhouse were repaired. The walls around the clubhouse parking lot were cleaned and painted. Trees and bushes in the surrounding area were trimmed.

FEBRUARY HOME SALES

- ♦ **Sold:** None
- ♦ **In Escrow:** Four (4)
- ♦ **For Sale:** Three (3)

No homes have sold since the start of this new year. I continue to receive phone calls from people interested in becoming residents —Kasey

Space Improvement Forms & Permits

I know I went over this recently but its important. Before any work can begin on the exterior of your home you must have a Space Improvement Form approved. Residents need to inform the park if they are adding landscaping around their home, adding or removing a shed, or installing a fence. There are guidelines in the rules and regulations. We don't want you to spend time and money on something that is not park approved and will require change. Permits are required if you are having work done on your roof or windows installed on your home. Workers need to have necessary permits in hand before work can begin. If you plan on installing or changing something, please contact the office.

Outside Storage

Please keep the exterior of your property not only clear of weeds but clean from item storage. If you are storing items around the exterior of your property, they need to be stored in your home or shed. Or possibly in an outside storage locker. Please keep your home exterior looking nice so the park looks nice.

New Phone Directory

It is that time of the year again. If you have changed your phone number, please notify the office of this change immediately. I hope to have the new directory ready to distribute by the end of this month.

Well, here we go—off and running for another year!

Much has been completed in the last two months:

1. **Membership** renewal and new member application envelopes were distributed to all residents in January with a Feb. 1st return by deadline. However, we will, of course, accept them at any time moving forward. A special thanks to Don Antrim for helping me distribute these.
Great news! We have over 150 members so far and counting. A special thanks goes out to our membership chair, Gordon Lilley, for recording all the information and updating the membership list.
2. A **"Park Wish List"** suggestion form was also distributed to members for items to add to next year's list. (See next page for final wish list.) A committee of PEERA board members was formed and spear-headed by our Vice-Chair Don Antrim. The committee consisted of Henry Robicheaux, Paul Thiboutot, and myself. *Over 100 suggestions were submitted.* The committee put together the final list of most suggested items. Don Antrim arranged them into categories. **Thanks Don!**

PEERA Notifications & Activities

by Carl Silva

The list was presented at the last PEERA meeting. Some suggestions were made from the members and added to the final list. Below is the final list approved by the board and sent on its way to Millennium Housing to review for what items they will approve. Let's all keep our fingers crossed and hope that we can get most of these items approved, and then get this show on the road!

3. We will continue to partner with the Social Club to bring events for both your social enjoyment and informational knowledge.

Thank you all for your continual support in making our park the best in the county.

Project Care-Connection

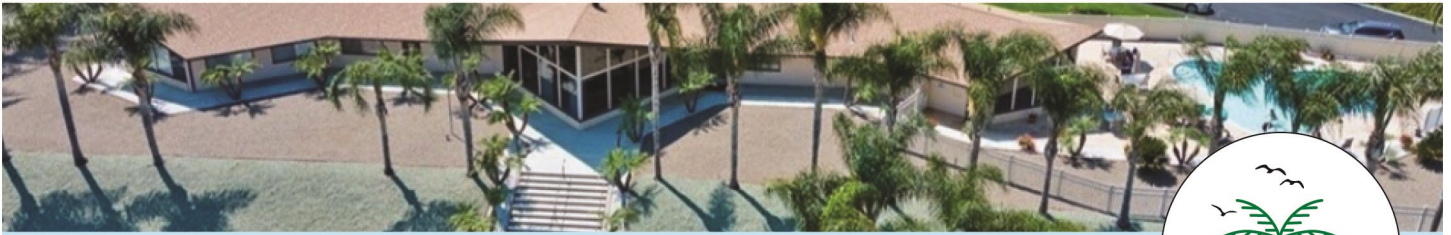

Hi Neighbors!

Some of us have fared better than others during these trying times, and some are being challenged greatly right now recovering from covid and the like.

Any neighbors who want to lend a helping hand doing odd jobs like tree pruning, fruit picking, fence mending, house painting, rubbish clearing, etc., please let us know. We're organizing to help our neighbors through their current challenges.

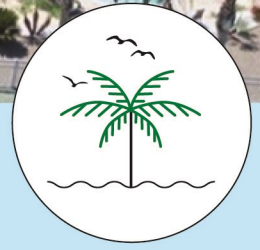

- ♥ If you have some spare time and energy on your hands, contact a PEERA board member or *The Breeze* to **add your name to the Volunteer's List**. You can determine when and what service you are willing to provide.
- ♥ If we get enough volunteers, we could organize a work party and tackle one home improvement project at a time. ***“We only have what we give.”—Isabel Allende***

HAPPY ANNIVERSARY

Did You Know...

There is **another fun card game** that occurs in the Card Room every **Monday and Thursday at 1 PM**. It is called **Hand and Foot**. This game is related to Canasta. Players are dealt two sets of cards: the Hand, which is played with first, and the Foot, which is then played after. The game generally has 4 players consisting of 2 partnerships. However, this game can be played with any number of people. It is also closely related to Pennies From Heaven. **Come join the fun!**

Answer to March Trivia Question: Julius Cesar...But in what context?

- ♣ **Ides of March** (the day of the month Cesar was assassinated) literally means the middle day of the month of March. Because of Shakespeare's play, it is now known as a day of poor luck, hence the term "Beware the Ides of March!"
- ♣ **Et tu Brutu** (And you too Brutus) spoken by Cesar when he see's that his trusted protégé and friend Brutus has joined the murdering throng to kill him. This phrase also made the name Brutus someone not to be trusted...even 500 years after Shakespeare's time.
